

# DEEPER LEARNING

How Eight Innovative Public Schools Are Transforming  
Education in the Twenty-First Century

By Monica R. Martinez and Dennis McGrath

**"This compelling book reveals how eight schools are navigating the transition from industrial-era teaching to twenty-first century learning. A rare blend of inspiration and practical action."**

—Tom Carroll, President Emeritus, National Commission on Teaching and America's Future

**"This fascinating series of portraits offers a roadmap for the future of education. *Deeper Learning* is a wonderful book that should be read by every educator, parent, and policymaker."**

—Tony Wagner, Harvard University, author of *Creating Innovators* and *The Global Achievement Gap*

What does education need to look like in the twenty-first century? Most everyone agrees that by their teenage years, young people should be solving complex problems, thinking critically about tough concepts, and communicating their ideas effectively. *Deeper Learning* highlights eight innovative public schools that have set out to transform the experience of learning—and the lives of countless students.

From engaging snapshots of high-schoolers developing energy-saving solutions alongside scientists and engineers to heartwarming stories of students exploring the intersections of geography, economics, and oral history via an extended study of, and a trip to, a struggling Appalachian community, these accounts will urge readers to expand the collective vision of what's possible in schools today. An accessibly written showcase of schools purposefully designed to empower teachers and students alike, *Deeper Learning* is a tool for any educator seeking to help their students embark on an inspired journey to college, a career, and a lifetime of learning.

Hardcover / \$26.95 / 224 pages / ISBN 978-1-59558-959-0 / June 2014

**Monica Martinez**, a former CEO and president of the New Tech Network, was appointed by President Obama to serve on the President's Advisory Commission on Educational Excellence for Hispanics. She currently lives in the Bay Area.

**Dennis McGrath** is a professor of sociology at the Community College of Philadelphia where he won the Christian R. and Mary F. Lindback Distinguished Teaching Award. He is the author of *The Collaborative Advantage: Lessons from K-16 Educational Reform* among other works.
