

AYPF Forum: National Perspective on Implementation

Sandra Alberti, Director
December 16, 2013

Role of Research in Implementation

- Standards as a basis for innovation – not standardization
- Focus on effectiveness
- “Other kinds of evidence” critical

www.achievethecore.org

Implications for Research Agenda

- Emphasis on “Common” in Common Core State Standards makes quality research in effectiveness possible – IES and RELs
- Research agenda, support, and distribution necessary to fulfill potential of this reform. It is part of the process for standards-based reform.
