Event Description:

The United Way of Greenville County and the American Youth Policy Forum (AYPF) will host an Out-of-School Time (OST) Leadership Forum in Greenville, South Carolina. This event will provide an opportunity to acknowledge the positive contributions of community leaders and organizations to developing a system of afterschool and summer learning programs and prepare to reinvigorate the out-of-school time system-building work. The Leadership Forum will serve as a platform for a countywide conversation on out-of-school time system building, using lessons learned from other communities across the country and for seeking the input of local leaders on how to grow a sustainable out-of-school time system to help more children and youth achieve academic excellence and workforce success.
