The **vision** for Family First is to **keep children safe**, **strengthen families** and **reduce the need for foster care** whenever it is safe to do so.
Prevention Services
Who is Eligible for Title IV-E Prevention Services Funds?
A child (and their caregivers) who is a candidate for foster care who can remain safely at home or in a kinship home and is identified as being at imminent risk of entering foster care

A child in foster care who is pregnant or parenting

A child whose adoption or guardianship arrangement is a risk of a disruption/dissolution and includes post-reunification services
“Imminent risk” means a child and family’s circumstances demand that a defined case plan is put into place within 30 days that identifies interventions, services and/or supports and absent these interventions, services and/or supports, foster care placement is the planned arrangement for the child.
The Candidate for Foster Care must have a written prevention plan which includes the following:

- Identify the prevention strategy so that the child can remain in the home, live temporarily with a kin caregiver until reunification can be safely achieved, or live permanently with a kin caregiver;
- List of services or programs to be provided to or on behalf of the child to ensure success of the prevention strategy
What services are reimbursable?

Foster Care Program Changes
We believe that children do best when raised in families.

After a two-week grace period, IV-E payments will be limited to the following placement types:

- Family and kinship foster homes
- Placements for pregnant or parenting youth
- Supervised independent living for youth 18+
- Qualified Residential Treatment Programs (QRTP) for youth with treatment needs
- Specialized placements for victims of sex trafficking
- Family-based residential treatment facility for substance abuse (*beginning October 2018*)
Qualified Residential Treatment Program (QRTP)
QRTP Requirements

- 30-day Assessment
- 60-day Court Review
- 12-month review by Commissioner

Reduce Congregate Care
Definitions: QRTP Process

• **Qualified Individual:** Licensed Mental Health Professional means a physician, licensed clinical psychologist, licensed professional counselor, licensed clinical social worker, licensed substance abuse treatment practitioner, licensed marriage and family therapist, certified psychiatric clinical nurse specialist, or licensed behavior analyst. As defined in 12VAC35-105-20.

• **QRTP Assessment Process:** Use of the mandatory Medicaid clinical assessment process (currently known as IACCT), with the possibility of an added Child Welfare module.
  • This will require extensive collaboration and planning with the Department of Medical Assistance Services (DMAS) to determine feasibility.
Implementation Updates
We know some of the pieces, But we’re still figuring out many of the pieces.
