WHO WE ARE
AYPF is a nonpartisan, nonprofit organization focused on the continuum of youth development, with an emphasis on education and workforce readiness. Our vision is that all young people, particularly traditionally underserved youth, have equitable opportunities and supports to become lifelong learners, earn a family-sustaining wage in their career, and actively participate in civic society.

WHAT WE DO
For 25 years, AYPF has worked to educate, engage, and inform policymakers and leaders at the national, state, and local levels by highlighting evidence-based practices, promoting positive youth development models, writing and publishing research-based materials, partnering with youth-serving leaders, and broadly sharing relevant tools and resources across our networks.

OUR LEARNING EVENTS
Our convenings are designed to bring together diverse perspectives across policy, practice, and research that allow people to learn from each other and from the best practices and knowledge in the field. We convene dozens of learning events every year including Capitol Hill forums, discussion groups, study tours, and webinars.

OUR POLICY PILLARS
AYPF identifies four key policy areas that we believe are critical to support all youth:

- Personalized Learning
- Pathways to College and Career Readiness and Success
- Wraparound Supports
- Expanding Learning and Skill Development

OUR 5-YEAR REACH
